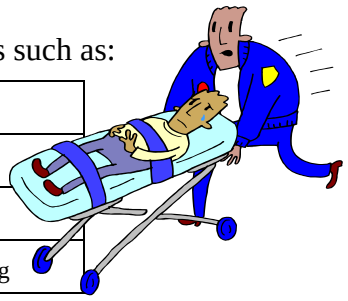
First Nations' Emergency Services Society of BC

Presents

FIRST RESPONDER Level 3
5-Day TRAINING Program

First Responder Level III

Teaches you to manage medical emergencies, trauma, and environmental emergencies such as:



• unconsciousness	• respiratory emergencies	• overdose and poisoning
• heart attack & stroke	• diabetes and seizures	• bleeding and shock
• head, neck, and spine injuries	• chest and abdominal injuries	• fractures and dislocations
• burns and smoke inhalation	• carbon monoxide poisoning	• hypothermia and drowning

This course provides hands-on, practical instruction, which is enhanced by short lectures and a video.

Prerequisites

- Should be a member of a fire department, police department or emergency service organization.
- Current basic cardiac life support level C certification (or equivalent) within 6 months of First Responder course.

Evaluation and Certification

- Evaluation is based on a multiple choice written examination and a practical examination.
- Successful candidates receive a Certificate of Achievement for First Responder Level 3 and are eligible to be licensed by the EMA Licensing Branch (valid for three years).
