

Master of Disaster Youth Education

January 2020

Master of Disaster is a free classroom program designed to help young people learn about emergency preparedness. The program teaches youth in grades 4 to 8 about hazards in BC—like floods, wildfires, earthquakes and tsunamis—and shows them how to get prepared, both personally and at home.

Student Kits and Teacher Guide can be ordered through this link:

<https://www2.gov.bc.ca/gov/content/safety/emergency-preparedness-response-recovery/preparedbc/public-education-programs/master-of-disaster>

These resources and the shipping are provided at no cost to your school.

What's Included:

We've made it easy! Each classroom kit comes pre-packaged with printed resources, small gifts for each student and helpful instructions.

Each student will receive:

- A colourful Get Ready Guide for classroom instruction and activities
- A fill-in-the-blanks Home Emergency Plan to take home and complete with their household
- A flashlight and drawstring bag to help kick-start their personal preparedness

You'll also receive:

- A Teaching Guide to explain curricular alignment and help you plan your lessons
- A Grab-and-Go Bag Poster Game to create some fun and to decorate your classroom
