

CALLING ALL  
**INDIGENOUS**  
Wildland Firefighters &  
Fire Operations Staff

The voices of Indigenous (First Nations, Métis, Inuit) firefighters and fire operations staff (including support personnel) in Canada need to be heard, valued, and recognized.

A research study led by Turtle Island Consulting Services Inc. is exploring the state of occupational health and safety (including cultural safety) for Indigenous firefighters and fire operations staff who are engaged in wildfire management across Canada.

**Phase One**

Online survey  
March – May 31, 2021
