- Deploy Structure Protection Units (SPUs), Mitigation and Tiger Dam Trailers

Decision Support provides decision making capabilities through the application of climate, science and GIS backed data through systems management.

- Information Collection
- Mapping and Visual Data Summaries
- Better Decisions and Efficient Response
- Data Collection and Training
- Climate Resiliency Support
- Youth Internships

OUR VISION

Safe and Healthy First Nation Communities

OUR MISSION

We achieve our vision through:

Emergency Planning, Training,
Response and Recovery

Fire Training, Education and
Prevention

Forest Fuel and Wildfire
Management

Leadership and Collaborative
Relationships

Fire Services provides fire prevention and structural firefighter training that includes fire safety education, fire service training and community support.

- Home and Community Protection
- Fire Department Training
- Youth Mentorship Programs
- Fire Safety Assessments

Mitigation supports all BC First Nations in their journey to increase community resiliency, reduce wildfire risk, and build capacity to carry out prevention and mitigation initiatives.

Programs and Initiatives:

- FNESS-ISC On-Reserve Cultural and Prescribed Fire, Operational Fuel Treatment, FireSmart Programs
- Wildfire Training Program
- Wildfire Equipment Program
- Community Resiliency Investment (CRI) Program
- Integrated Fire Management Planning

Special Projects undertakes specific infrastructure projects and provides community capacity support to assist with emergency preparedness and mitigation.
